

## Computers: Inside & Out - Storage Backup Math Worksheet

You have several files that need to be backed up to either a floppy disk or a writable CD. The sizes of the files are listed below in MB. Draw a line from each file to the storage disk on which it best fits. Put as many files as possible on the floppy, so that you don't use all of your CD space.

1. 24MB

2. 1.37MB

3. .78MB

4. 3.77MB

5. 1.55MB

6. 2.35MB

7. 6MB

8. 1MB

9. .98MB

10. 1.24MB

11. 5MB

12. 2.66MB

13. 1.01MB

14. 10.4MB

15. 14.4MB

floppy disk  
holds up to 1.44MB

CD  
holds up to 650MB
